# Stylish, with hidden strengths.

Most Pickups look as though function has dictated design. Not so the Škoda Pickup. It's every bit as stylish as it is practical.

Under that elegant exterior is a tough interior. Based around a heavy duty rear axle with reinforced springs and shock absorbers, the Škoda Pickup can handle payloads of up to 605kg, and has the dimensions to accommodate the Euro-palette.

Other strengths include the reliability and build quality that you'd expect of a Volkswagen approved design, along with renowned Škoda value. You'll enjoy a 3 year unlimited mileage warranty, 3 years AA cover, and a no-nonsense service from a network of 200 Škoda retailers.
