

ŠKODA PICKUP

A C C E S S O R I E S

BE ORIGINAL

The Škoda Pickup's many practical features make it a truly desirable utility vehicle. You can make a Pickup uniquely and distinctively yours, with these approved and tested accessories available from all our authorised dealers.

By choosing approved accessories, you'll be tailoring your Pickup to suit your

precise requirements and have the reassurance of using quality accessories that were made specifically for this vehicle, offering greater safety and reliability than non-approved parts.

In addition, the long service life and minimum one year guarantee of our accessories make them an indisputably better buy. Whether you choose sporty

styling, efficient practicality or put the emphasis on safety, you can always count on genuine value from approved accessories.

For a more comprehensive range of products please ask to see a copy of our Accessory Presenter at your local Škoda showroom.
