

FUN IN ALL WEATHERS

**LEADING THE WAY IN QUALITY AND STYLE THE
AEROTOP FROM TRUCKMAN OFFERS UNRIVALED
BUILD QUALITY AND LEVEL OF FINISH.**

Designed as more than just a bolt-on extra, the carefully designed shape perfectly matches the lines of the Felicia fun, offering a smooth aerodynamic form which is pleasing to the eye. The exterior is colour impregnated in Felicia Yellow and Dark Grey.

All the glass used in the AeroTop is tinted, curved and toughened. The opening windows on the SL model make it ideal for carrying animals in the load area-offering plenty of secure ventilation.

Truckman are increasingly aware of the need to keep your load secure and weatherproof. The AeroTop tailgate features a central lockable handle operating a two-way steel locking rod system. The bottom of the tailgate overlaps the tailgate of the vehicle - ensuring that the load area is completely secure. When you need to, the AeroTop can be easily removed and re-fitted in a matter of minutes.

FUN IN ALL WEATHERS

SPECIFICATION FOR BOTH S AND SL MODELS

- Roof is of a double skin construction using a 12mm core of polyurethane foam sandwiched between the GRP, providing added strength and a degree of insulation.
- Steel plates are bonded into the roof for fitment of roof rails.
- Sides are of a sandwich construction using a core of Coremat for strength and rigidity.
- The interior is sprayed with a Portatone paint to make it easier to wipe down.
- The S model has no side windows.
- The SL model has 4mm curved, grey tinted side windows, the rear section opening.

OPTIONS

- Rear spoiler
- Longitudinal roof rails
- Cross roof rails
